

Notice on Elective Courses for Transfer Applicants for the 2nd Semester of the 2025 Academic Year

Shalom! We pray that God's peace and grace will always be with your family.

First, we would like to express our sincere gratitude for your interest in transferring to Handong Global Middle and High School for the 2nd semester of the 2025 academic year.

Please understand that, unlike new admissions, transfer admissions are processed after all academic operation plans (such as teacher assignments and course arrangements) have already been finalized. Therefore, there may be cases where applicants cannot enroll in all the elective courses they wish to take.

We kindly ask you to carefully review the elective course details below before submitting your application.

- Important Notes:

- If no number of available seats is indicated after the course name, all applicants can be registered. If a number is indicated in parentheses after the course name, competition for placement may occur.
- Music, art, and computer-related classes generally have no significant language restrictions.
